WHERE WILL YOU GO?
Here, the standard of premium is raised to welcome heights. Legendary freedom begins with authentic Jeep® Brand design cues, like the fresh take on the traditional seven-slot grille and trapezoidal wheel wells. Then, the fluid, stylish lines of Compass Limited are enhanced by Chrome trim, available Black-painted roof and 19-inch polished and painted Gloss Black aluminum wheels. This urban citizen faces challenging road conditions with confidence via a full-time Jeep Active Drive 4x4 System and its Selec-Terrain® Traction Management System, powered by the 180 hp 2.4 Tigershark engine. Inside, experience a cabin that elevates every trip with available premium leather-trimmed seats and surfaces with accent stitching. Advanced technology features include a standard Uconnect® 4 NAV with 8.4-inch touchscreen display and gps Navigation, and a 7-inch color Driver Information Display. In addition, a multitude of standards and available safety and security systems offer inspired peace of mind.

ARRIVE INSPIRED
When set to this mode, Selec-Terrain does all the work, automatically adjusting vehicle dynamics to best suit the road. To help ensure optimal efficiency, the rear driveline disengages when not needed.

**SAND**
Converts to a uniquely calibrated Sand mode that utilizes aggressive throttle and upshift points to tackle looser, sand-covered surfaces.

**MUD**
Maximizes low-speed traction by allowing additional wheel-slip via specifically tuned chassis controls, differentials and transmission ratios that are geared to successfully tackle mud.

**ROCK**
Delivers Trail Rated® 4WD Low capability thanks to its rear-differential locking element, allowing you to crawl over rugged terrain at appropriately safe speeds. Exclusively on Trailhawk®.

**AUTO**
When set to this mode, Selec-Terrain does all the work, automatically adjusting vehicle dynamics to best suit the road. To help ensure optimal efficiency, the rear driveline disengages when not needed.

**SAND**
Converts to a uniquely calibrated Sand mode that utilizes aggressive throttle and upshift points to tackle looser, sand-covered surfaces.

**MUD**
Maximizes low-speed traction by allowing additional wheel-slip via specifically tuned chassis controls, differentials and transmission ratios that are geared to successfully tackle mud.

**ROCK**
Delivers Trail Rated® 4WD Low capability thanks to its rear-differential locking element, allowing you to crawl over rugged terrain at appropriately safe speeds. Exclusively on Trailhawk®.

**NATURAL SELECTION**
When you can match your capability to the road conditions ahead, worry-free travels are the norm. Every all-new Compass is equipped with a standard 4x4 system arrives with a Jeep® Selec-Terrain® Traction Management System, giving you the power to tackle Mother Nature’s toughest challenges. A variety of settings help deliver ultimate driving stability by coordinating up to 12 vehicle systems. Choose from these sure-footed modes: Auto, Sand, Mud, and, exclusively on Trailhawk®, Rock.
STEERING FINISHES: Sophisticated interior details before your driving position. The all-new Uconnect® 4C NAV system is evident in the wrap of the cluster. A leather-wrapped steering wheel, large touch screen and navigated control buttons rest inside a center console. They invite your hands and eyes. The premium all-black theme is maintained by Piano Black. 1 hands-free text message reading.

COMFORT & LUXURY: The all-black theme is expanded to include hands-free text message reading. The all-new Uconnect® 4C NAV system is evident in the wrap of the cluster. A leather-wrapped steering wheel, large touch screen and navigated control buttons rest inside a center console. They invite your hands and eyes. The premium all-black theme is maintained by Piano Black. 1 hands-free text message reading. So, no matter how long the drive, lower back support helps reduce fatigue.

Above, fresh air and sunlight add more to every ride when you chose the available power dual-pane panoramic sunroof. USB port is standard for 2nd-row passengers. Driver Information Display and standard 4th-generation Uconnect® 4 NAV functions, while a standard auto-dimming rearview mirror cuts down on nighttime glare.

TECH SMART: Limited’s highlights include a standard 7-inch full-color Driver Information Display and standard 4th-generation Uconnect® 4 NAV. So, no matter how long the drive, lower back support helps reduce fatigue. Above, fresh air and sunlight add more to every ride when you chose the available power dual-pane panoramic sunroof. USB port is standard for 2nd-row passengers. Driver Information Display and standard 4th-generation Uconnect® 4 NAV functions, while a standard auto-dimming rearview mirror cuts down on nighttime glare.

DRIVING CONVENIENCE: The Remote Start System5 readies the vehicle before you even get inside. LaneSense® Lane Departure Warning with Lane Keep Assist2, Full-Speed Forward Collision Warning with Active Braking3 and Adaptive Cruise Control4 are all standard. The Uconnect® 4C NAV system is evident in the wrap of the cluster. A leather-wrapped steering wheel, large touch screen and navigated control buttons rest inside a center console. They invite your hands and eyes. The premium all-black theme is maintained by Piano Black. 1 hands-free text message reading.
GIVE IN TO THE LURE OF DISCOVERY
MV correction is automatic as well, helping to keep Jeep® Compass stable at all times. PTU delivers seamless operation in and out of 4WD at any speed. Yaw over rocks with ease. Additionally, off-roading benefits from a 1-inch increase in ride height and an incredible crawl ratio of 20:1, allowing Compass to climb steep hills and crawl driveshafts to deliver additional power at low speeds or for towing your toys. PTU offers torque management and 4WD Low mode. This locks the front and rear axle, each system can actively transition from 4x4 into fuel-saving front-wheel drive (FWD). To enjoy this welcomed gain in efficiency, there’s nothing better to usher you to your next adventure, thanks to the standard 4x4 capability built into the all-new Jeep® Compass. True nature to the standard Selec-Terrain® dial in Auto mode.

JEEP ACTIVE DRIVE A fully automatic, single-speed Power Transfer Unit (PTU) delivers seamless operation in and out of 4WD at any speed. The connection is automatic as well, allowing Jeeps equipped with 4x4 to never leave 4x4 on. PTU delivers maximum crawl ratio and maintains a balanced torque distribution, helping this system deliver an easy-to-use all-wheel boost in capability.

JEEP ACTIVE DRIVE LOW Exclusively on Compass Trailhawk®. A single-speed disconnecting rear axle, each system can actively transition from 4x4 into fuel-saving front-wheel drive (FWD). To enjoy this welcomed gain in efficiency, there’s nothing better to usher you to your next adventure, thanks to the standard 4x4 capability built into the all-new Jeep® Compass. True nature to the standard Selec-Terrain® dial in Auto mode.
Where would you go if you could go anywhere? Behind the wheel of a Trailhawk,® there are no limitations because legendary Jeep® Brand capability is at its very core. The standard 4x4 system, Jeep Active Drive Lock, has a 20:1 crawl ratio and the ability to seamlessly transfer power to any wheel with traction. Trailhawk is also equipped with drive plate protective, a transfer case and suspension. Red, Red or more front and rear.

Designed to stand apart, Trailhawk features a unique front and rear fascia, Dark Grey accents, available Black-Painted Roof and a standards Black anti-glare hood decal. Red Trailhawk and Trail Rated® badges signify membership in the over-arching Jeep Brand family of exquisitely capable and utterly unique 4x4 vehicles, a breed unlike any other on the planet.

MARK OF DISTINCTION: Durability and toughness were born and bred under the Jeep, Brand’s Trail Rated® badge. Every Jeep vehicle bearing the take-charge of ruggedness and faster to masterfully: go anywhere, do anything capability. Jeep® Brand’s Trail Rated® badge includes five categories: traction, ground clearance, maneuverability, articulation and water fording. Compass Trailhawk® resides proudly within this capable family.

ELEVATED VIEW

The available Power Dual Pane Panoramic Sunroof with its power sunshade is more than an amazing way of looking at the world, it can take you to a new world altogether. Passengers in all rows get a stellar view of every adventure, anywhere you go.

PREMIUM INSTRUMENT PANEL Elegant and inviting in contrasting Piano Black, this cockpit is crafted to present important vehicle operations and data within a very appealing design. Anodized Silver and Chrome add unique richness. Standard on Limited.

DUAL-ZONE AUTOMATIC TEMPERATURE CONTROL Constantly adjusts air temperature inside the cabin to create separate customized environments for the driver and the front passenger. Standard all models.

TWO-TONED INTERIOR This modern, eye-catching cabin features contrasting color-coordinated tones. Elegant French accent stitching highlights design lines and adds distinction. Soothing soft-touch surfaces are incorporated throughout the cabin on nearly all surfaces, always within reach. Choose the Premium leather interior trim for luxurious appeal.

KEYLESS ENTER ‘N GO™ No more fumbling for keys to get going. Keep the key fob in your purse or pocket and you can simply grab the door handle, climb in, press on the brake, press the start button and shift into Drive.

BEATS™ PREMIUM AUDIO SYSTEM Experience the ultimate in fidelity with the BeatsAudio™ Premium Audio Sound System. It includes: five 3.5-inch BeatsAudio mid-range speakers, four 6.9-inch BeatsAudio woofers, one 8-inch subwoofer in the rear deck, one 8-inch trunk-mounted dual-voice coil subwoofer with sealed enclosure and a 12-channel BeatsAudio amplifier. Optional.
2.4 TIGERSHARK MULTIAIR® I-4 ENGINE. From its fully isolated aluminum head with an integrated oil separation system, to its high-pressure, die-cast aluminum block, the 2.4L TigerShark engine was engineered to deliver a quiet and refined performance. It burns clean and improves fuel efficiency, so emissions are reduced, making this engine ecological as well as cost effective. It's mated to the responsive nine-speed automatic transmission. Standard.

A PRECISION-TUNED RIDE. Compass delivers a refined dynamic ride that's on par with that of less-efficient luxury-class vehicles. Premium mechanics add to precise steering, while MacPherson struts and frequency-sensitive dampening smooth the road ahead.

NINE-SPEED AUTOMATIC TRANSMISSION WITH AUTOSTICK. Its fine-tuned 9.81 ratio spread between gears ensures quick takeoffs and a consistently refined performance with exceptional efficiencies through all gears at all speeds. A unique set of four overdrive ratios help gain efficiencies while reducing overall noise and vibration. Economies are maximized and performance is optimal at all times. Standard.

POWER PLANTED
On Trailhawk® models, flip up the passenger FOLD-FORWARD FRONT-PASSENGER SEAT WITH STORAGE Keep smaller-sized items hidden and secure. On Compass models, pop up the console cover to reveal a secret compartment. Enhance your cargo-carrying capability to include longer items by flipping forward the 40/20/40 split-folding rear seats.

POWER LIFTGATE is a need to keep what you’ve acquired to show the liftgates. Press the liftgate open button’s placard on the liftgates for the in-motion. If the liftgates are not opened, the liftgates will open automatically. Available.

HEIGHT-ADJUSTABLE CARGO FLOOR Lower your rear cargo floor to accommodate the most space for taller items when lowered, or raise it up for easy, slide-in loading.

REAR CARGO FLOOR WITH STORAGE. The available REAR CARGO FLOOR STANDS READY TO INCREASE SPACE FOR TALLER ITEMS when lowered, or raise it up for easy, slide-in storage.

MAKE ROOM IN YOUR WORLD. Life can go in all kinds of directions. The configurable interior of your vehicle is ready to increase space for taller items when lowered, or raise it up for easy, slide-in loading.
Bi-xenon High Intensity Discharge headlamps with LED signature design are standard on Trailhawk® and Limited. A 3.5-inch driver information display (DID) provides real-time details including navigation, capability data, performance statistics, vehicle dynamics, alerts and more. Standard on Trailhawk® and Limited is the 7-inch full-color screen instrument panel on a 7-inch touchscreen. Drivers can instantly scroll you through information displayed within your field of view on your steering wheel-mounted controls.

No matter your destination, Longitude ushers you in comfort and style. Distinct Chrome window molding, front fog lamps, body-color door handles, power-adjusting heated mirrors and Black roof rails add sophistication. Welcome standard and available features include unique Hex cloth and vinyl-trimmed seats and a leather-wrapped steering wheel with audio and cruise controls. Ambient LED interior lighting adds to elegant practicality. With all of its premium options, Longitude has arrived to take you in very beautiful directions.
SECURE ADVANTAGES FOR WISE TRAVELERS

مازای امنیتی برای رانندگان هوشمند
The all-new Jeep® Compass incorporates over 70 standard and available safety and security features. These active and passive systems give you an exceptional tool kit of confidence.

Travel with peace of mind knowing your Compass is equipped to notify you or take action on your behalf should the need arise.

**CHASSIS STRENGTH** Compass delivers exceptional peace of mind with a hero’s heart — a strong unibody structure is engineered with approximately 70% hot-stamped steel. Standard.

**ANTILOCK BRAKE SYSTEM** Next-Generation engineering allows this advanced system to continually evaluate road conditions for optimal engagement and stopping distances. This robust system includes Rain Brake Support, Advanced Brake Assist, Hill Start Assist and all-speed traction control, all working together to help maintain vehicle control during emergency braking. An Electric Parking Brake (EPB) adds an additional measure of safety with its customizable Auto Apply feature. Set Compass to automatically apply EPB when in Park or in the “key off” position. When you turn on the vehicle and drive, EPB conveniently and automatically releases. Standard.
Compass knows the way to help you and your passengers arrive safely and on time.

Features to keep you safe and in control throughout your journey:

- **360 DEGREES OF PROTECTION**
- **MV** periphery and the real-time status of many vehicles.
- **alerts** due to an array of available, advanced systems constantly earn your trust.
- **COMPASS KNOWS THE WAY**
- **PROTECTION** vehicle operations.
- **LANESENSE® LANE DEPARTURE WARNING WITH LANE** send an audible and visual alert to the driver when they are approaching another vehicle too rapidly and steering-wheel movement warning should the rear blind spot is encroached, you're notified of an impending collision.
- **6 STANDARD AIR BAGS** all work together to help prevent rough, ERM takes immediate action to help you maintain control and stability. Standard.
- **HILL START ASSIST** Helps prevent Compass from rolling back when you are starting off on an incline. Standard.
- **ELECTRONIC ROLL MITIGATION (ERM)** As an extension of ESC, ERM uses sensors to detect if the vehicle is drifting to the left or right. Once detected, the system applies the brakes to the appropriate wheels to correct the drift and then actively modulates the brakes to hold the vehicle stationary for approximately one second after the driver's foot is removed from the brake pedal, allowing time to apply the brakes if necessary. Available.
- **TRAILER SWAY CONTROL (TSC)** Works with ESC to maintain a consistent and safe distance between you and the vehicle you are towing. Available.
- **BATTERY RUN-DOWN PROTECTION** Helps prevent your battery from becoming damaged or damaged during charging. Available.
- **REMOTE START** Press a small button on either front door to start your vehicle's engine from outside. Available.
- **INTEGRATED VOICE COMMAND** With Bluetooth® Allows you to conveniently perform everyday tasks like making calls or sending and receiving text messages.
- **BLUETOOTH®** Helps prevent your battery from becoming damaged during charging. Available.
- **TRailer sway control** Works with ESC to help keep your vehicle stable when you are towing a trailer. Available.
- **Heated seats and mirrors** Keep you warm and comfortable. Standard.
- **Heated steering wheel** Keeps your hands warm and comfortable. Standard.
- **Rearview camera** Displays the area behind your vehicle to help you park and back up safely. Standard.
- **Driver Information Centre** Displays essential information, such as fuel level, temperature, speed, and more. Standard.
- **Display Audio** Keeps you informed and entertained with access to navigation, audio, and more. Standard.
- **Lane-keeping assist** Helps keep you in your lane. Standard.
- **Adaptive Cruise Control** With stop and go, helps maintain a safe distance from the vehicle in front of you. Available.
- **Forward Collision Alert** Helps keep you safe når you are approaching another vehicle too rapidly. Available.
- **Blind Spot Monitoring** helps keep you aware of vehicles in your blind spots. Available.
- **IntelliSafe® Assist** helps keep you safe in a wide range of situations. Available.
Expand your travels near and far by customizing your Jeep® Compass with Authentic Accessories from Mopar®. Each is crafted for those who take their freedom seriously and want to go even further. Always drive carefully, consistent with conditions. Always wear your seat belt. Conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. A substitute for conscientious driving. Always be aware of your surroundings. Always check visually for vehicles prior to changing lanes. No system, no matter how advanced, is a substitute for active driver awareness.

Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle. Use of the seat belt with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. Always look before proceeding. An electronic drive aid is not a substitute for active driver awareness and use of common sense.

3.0 L EcoDiesel engine produces 240 horsepower and 407 lb.-ft. of torque. With the 8-speed automatic transmission, the Grand Cherokee is designed to be one of the most advanced drive systems in the world, offering three driving modes: Auto, Sport and Tow/Trailhawk. The Auto mode is designed to deliver the best balance of fuel economy and performance, while the Sport mode prioritizes performance and throttle response during aggressive driving conditions. Tow/Trailhawk mode is designed to optimize performance for towing and off-road use.

4wd Active Drive Lock is a fully locking front differential that's designed to maintain 100 percent front wheel drive without trips to the dealer for service, and it's standard on high-demand packages. 4wd Active Drive Lock is a fully locking front differential that's designed to maintain 100 percent front wheel drive without trips to the dealer for service, and it's standard on high-demand packages.

Remote Vehicle Start not available on all vehicles. You are responsible for determining whether or not the vehicle is operable before attempting to start it using the remote feature. If the vehicle is not operable, you should not attempt to start it using the remote feature. Always remain in control of the vehicle while driving.
